

If you are using Windows 10 Edge from Microsoft, you may need to change your pop-up blocker settings to view eStatements.

Instructions to do this are below.

- 1. Login to online banking using the Edge browser
- 2. Click the 'eStatements' button from the top menu

- 3. A new tab or window will launch for eStatements
- 4. A prompt that Microsoft Edge blocked a pop-up from cm.netteller.com will appear at the bottom of the eStatement tab/window
- 5. Select the option to 'Always allow' the pop-ups for eStatements

	Microsoft Edge blocked a pop-up from cm.netteller.com.	Allow once	Always allow	×	
6. The current eStatement window will display an error and needs to be closed					
	7. Close only the eStatement tab/window			\checkmark	

No account number given. Try again				
	Account Number	Password Login Reset	Close	

- 8. From Online Banking click the 'eStatement' tab again
- 9. A new eStatement tab/window will display normally with the list of your statements
